Dear Hiring Manager,

I am writing to express my sincere interest in the Data Engineering Internship position at Ballotpedia. With a strong foundation in Data Analytics Engineering from George Mason University and a passion for leveraging data to drive meaningful insights, I am excited about the opportunity to contribute to Ballotpedia's mission in providing accurate and comprehensive information to the public.

During my academic journey, I have acquired a diverse skill set through coursework and hands-on projects. Courses such as Data Mining for Business Applications and Big Data Essentials have equipped me with the technical skills necessary for a role in data engineering, including data processing, manipulation, and analysis. Additionally, my practical experience in developing web applications and implementing algorithms, demonstrated by projects like the Sorting Visualizer and Text File Compressor, highlights my proficiency in programming languages such as Python and C++.

Beyond technical skills, my involvement in extracurricular activities such as SCIO and CONTROLZ has provided me with valuable leadership and teamwork experience. I have effectively collaborated with diverse teams and

demonstrated strong communication skills, both essential for success in a dynamic work environment like Ballotpedia.

I am particularly drawn to Ballotpedia's commitment to providing unbiased and reliable information, especially in the realm of politics and elections. I am eager to apply my skills in data engineering to contribute to your platform's efforts in delivering timely and accurate electoral information to voters.

Thank you for considering my application. I am eager to bring my technical skills, passion for data, and dedication to excellence to the Data Engineering Internship at Ballotpedia. I am available for an interview at your earliest convenience and look forward to discussing how I can contribute to your team.

Please contact me at [+1 571-604-2592] or [vkakollu@gmu.edu] to schedule an interview or to request any additional information.

Sincerely,

**Varshith Kakollu**
